

Bremen University / EBPH

Hajo Zeeb
BIPS, Uni Bremen

Framework in Bremen

- FB 11 Human- und Gesundheitswissenschaften
- Bachelor Degree Public Health
 - annually ca. 150 students
- Master Degree Public Health/Nursing Sciences
 - annually ca. 75 students
- Dissertations in Public Health
 - Graduate school „NutzerInnenorientierte Gesundheitssicherung“ (Hans-Böckler-Stiftung)
 - Beyond that no structured dissertation programme (compare Bielefeld)

Activities

- Teaching: Evidence based approach as repeated theme
 - Methods Epidemiology / Public Health / Empirical Social Research
 - Master: Module Evidence-based Prevention and Health Promotion
 - Introduction to systematic reviews
- Research: several individual projects
 - e.g. systematic reviews (at the BIPS, ZES)
 - Evaluation research looking at interventions
 - Editor/Co-authors of book on Evidence-based PH

Prospect

- Further strengthening and networking in Bremen (and beyond)
 - A. Gerhardus takes over Professorship in health services research (Versorgungsforschung)
 - DFG graduate school under revision
 - **Innovationen in der Gesundheitsversorgung**
Die Rolle von Health Technology Assessment in der Weiterentwicklung der gesetzlichen Krankenversicherung
 - EBM / EBPH / HTA close in terms of methods
 - Special Focus here: more intense acknowledgement of the socio-political environment for health care innovations
